The most recent version of this toolkit was released June 18, 2020. Previous versions were released April 3, April 15, and May 14, 2020. Updates include additional tools as they were developed, and an updated Creative Commons License.

Materials included in the toolkit were developed based on expert knowledge and information on COVID-19 available at the time of publication. Materials will be updated as the COVID-19 situation evolves and as we receive feedback from users.

New versions of the materials will be indicated with the date in the footer, formatted as *SI-COVID-Toolkit YYYY-MM-DD.*
